WORK EXPERIENCE

Amazon

London, UK

Software Development Engineer II (L5)

Jan 2024 - present

- Prime Video Checkout: worked on template engine that personalizes millions of users' checkout experience

MercadoLibre (largest e-commerce and payments ecosystem in Latin America)

Buenos Aires, Argentina

Senior Software Engineer

Feb 2023 - Jan 2024

- Worked with distributed teams that deployed hundreds of A/B experiments and flags for millions of users
- Lead efforts in developing tools that gave teams sustainability over their feature flags
- Played a key role in building SDKs (Android, iOS) for the migration of the company's feature flag solution
- Mentored colleagues, produced RFCs, conducted interviews, made postmortems, was part of weekly on-calls

Semi Senior Software Engineer

Aug 2021 - Feb 2023

- Developed A/B testing platform that enhances app experience with more than 4 billion daily navigation chains
- Helped dozens of internal teams to run experiments and feature flags for their apps, front-ends and algorithms
- Implemented features in multiple SDKs (Java, Node.js, Go, iOS, Android)

Yolly.io (financial intelligence startup)

Vienna, Austria

Fullstack Software Engineer

Jul 2020 - Jul 2021

- Developed a personal finance site for global users to organize their invoices, bank accounts and clients.
- Built core features and improved the reliability of systems that helped increase users by 5x

Wolox (software factory)

Buenos Aires, Argentina

Backend Engineer

Sep 2018 - Apr 2019

- OOP designed and developed an educational platform in .NET Core for schools in Spain and Latin America
- Responsible for PostgreSQL management, AWS & Docker deployment, GitHub Pull Requests reviewing
- Delivered team-minded features continuously with Scrum

ABOUT & SKILLS

I am a hardworking team player, in new and legacy technologies. I like to learn about finance and markets. I volunteered as a competitive programming advisor.

I actively perfect my Java skills, study for DevOps certifications and learn iOS. I enjoy reading about system design in software.

Java, Swift, AWS, Node.js, ObjC, Angular

English (Fluent), Spanish (Native), German (Basic)

Certifications: - AWS Solutions Architect
- AWS Cloud Practitioner
- International Baccalaureate Diploma
